## 270 PUREBRED JERSEY COWS & HEIFERS SELL

**135 Cows • 134 Heifers (Babies to Springing)  
1 Purebred Service Age Bull**

Due to the passing of Mr. Joe Swecker, the Swecker Estate must be settled. The Swecker family has been milking purebred Jersey Dairy Cattle on this farm for 50+ years. The good A.I. Sires have been used since 1984. Needless to say, the Dairy economy for the past year has taken its toll on the Swecker Dairy as well as others. Feed has been short and mud has been deep. Regardless, on Tuesday, April 6, every animal will sell. Be here and take advantage of a herd with good genetics that has been profitable over the past years.
